Bell Telephone Strike Continues; Protection of Service Clause Asked

Southwestern Bell Telephone workers in Cameron and 258 other Texas cities remained on strike Wednesday. In Cameron the strike continued in an orderly manner, with no picketing or demonstrations.

Company and union officials ceased negotiations late Monday without reaching an agreement.

At the Cameron branch of the Southwestern Bell Telephone Co. there are now eleven employees working on a 24-hour basis. Each of the eleven is doing some switchboard work. More employees are on the job in the morning hours when telephone traffic is heaviest, with a lighter number remaining during the afternoon and evening hours. One operator remains throughout the night.

The Cameron office has a normal complement of 32 operators and five other workers.

The morning service seems normal with slight delays showing up during the lighter-staffed afternoon hours.

C. L. Carson, manager for this district, stated at 9:45 Tuesday morning, "The union and company are apart on only one item. The company has proposed a protection of service clause in the contract in order to prevent 'quickie' strikes which disrupt service. The union refuses to accept this clause which follows:

"The parties agree that all employee complaints and grievances shall be presented and heard promptly in accordance with the provisions of the grievance procedure to the end that interruptions to the service may be avoided. With respect to any complaint or grievance which is subject to handling under the provisions of the grievance procedure the union officials and representatives shall not authorize or sponsor any work stoppages and other interruptions in service."

"This proposal does not affect the union's right to strike," Carson said, "on economic issues associated with contract negotiations." He further added that, since the public has been subjected many times in the last three years to such work stoppages, some such measure is the only way to insure telephone service without interruptions.

Carson stated during his Cameron visit Monday, "We of the telephone company greatly appreciate the patience and understanding of our customers when they have had to wait for a call to be put through. We will attempt to continue normal service during the days of the strike."

Communications Workers of America employees, under the company's latest offer, would receive weekly wage increases ranging from \$1.50 to \$3 a week. This is a 5c increase in the minimum offer made and rejected just before the strike began. Present wages range from \$35 to \$95 a week.

Roads Committee Attends Texas Highway Hearing

E. A. Perrin, Chairman of the Highway and Good Roads Committee of the Chamber of Commerce, reports that his committee attended a hearing August 25 at 9 a. m. before the Texas State Highway Commission.

The committee requested the reconstruction of State Highway 36 from the "Y" at the junction of U. S. Highway 77 and State Highway 36 just east of Little River to the intersection of State Highway 36 with U. S. Highway 79 at Milano.

No decision has been reached by the commission.

The proposed \$274,000 revamping project is a nine-mile job of widening and partially re-routing the route. It is part of a Galveston to Abilene connection, very popular with truckers hauling equipment to West Texas oil fields.

Members of the committee present for the hearing were Bill Burns, Henry Siebman, W. W. Markham, Judge Charles C. Smith, Jr., Robert D. Abel, and E. A. Perrin.

Mexican Fellowship Center Opens Friday Night on Square

A "Fellowship Center" for the Mexican people opened Friday night in the building next to the Cameron Cafe on the courthouse square. This building formerly housed Blondie's Sandwich Shop.

The center is being sponsored by the Brotherhood of the Cameron First Baptist Church. The center will be open on Friday night, Saturday and Sunday during the remainder of the cotton harvest. This center is reported to be one of the first set up in the state.

Writing materials, ice-water, a place to rest, a place to listen to religious music and read are available for all those who are interested.

Rev. Isidor Garcia, the Mexican Baptist pastor, will assist the Brotherhood with the project. Directing the work are Roy Wright, Brotherhood president, and Hinton Pruett, activity chairman.

G&G Cafe Damaged By Fire Saturday

A fire broke out at the G&G Cafe across from the Santa Fe freight depot about 10:45 a. m. Saturday.

Damage was reported light due to the quick action of the Cameron Volunteer Fire Department. Most of the damage was confined to the back porch and roof of the cafe.

There are approximately 35 boys on the A team. Among these are nine lettermen who are as follows: Jimmy Retig, halfback; W. K. Leonard, halfback; Johnny Green, end; Leon Beal, back; Billy Angell, guard; James Posey, tackle; Junior Zott, guard; Charlie Eanes, end; and Jimmy Hauk, tackle.

In addition to the nine lettermen, there are eight squadmen to strengthen the team: Joe Heitman, Albert Mondrik, Bobby Balhorn, Eddie Matyastik, Donald Shuffield, George Absnider, Kenneth Cryer and Dean Wes-

Three DWI'S Tried In County Court; Two Jail Sentences

James Watson pled guilty in county court August 20 to the charge of driving while intoxicated. Judge Charles C. Smith, Jr. assessed his punishment at a fine of \$100 and cost of court and a sentence of 30 days in the county jail.

If Watson makes full restitution for property damage done by him in 15 days, the jail sentence will be suspended. His driver's license was suspended for a period of six months.

Albert Lee Benton also pled guilty on August 20 to driving while intoxicated. He was fined \$100 and cost of court and sentenced to 30 days in the county jail. If Benton makes full restitution for the property damage he caused within ten days, his jail sentence will be suspended. His license was also suspended for six months.

Clifford L. White was also tried on August 20 on the charge of driving while intoxicated. He was fined \$100 and cost of court and his license was suspended for six months.

Robert C. Haggitt pled guilty in County Judge Charles C. Smith's court August 24 to the charge of driving while intoxicated.

He was fined \$50 and cost of court and cannot be issued a license to drive for six months.

Monday Night Fire Destroys House; Faulty Fire Plug Hampers Firemen

Mrs. Wilson and her family lost all their possessions except two quilts when the house they were staying in burned Monday night. The two-room dwelling at 501 Scott Street was destroyed about 8 p. m. Monday after an oil stove exploded inside.

The Cameron Volunteer Fire Department answered the call promptly but were unable to extinguish the blaze. A fire plug was located quite near the house and the firemen attached the hose with no difficulty, but they could not get the water turned on.

Later examination of the plug revealed that the threads were worn so that they would not turn, Sheriff Carl C. Black stated.

After the firemen tried to attach the hose to a plug some distance away, but the hose was not long enough. By the time the second truck arrived the Wilson house was beyond saving. Firemen managed to keep the flames from spreading to other nearby houses.

Junior Chamber Reports 2,298 Head Of Cattle Sprayed

The Cameron Junior Chamber of Commerce met Monday night at Narvie Caperton's lake for their regular meeting.

The annual Ladies' Night was set for Saturday, August 29, at 7:30 p. m. at the Caperton lake. President Frank Richter announced.

The Junior Chamber spraying program results were reported. Up until Monday night, 2,298 head of cattle owned by 19 cattle men had been sprayed. About 700 more were scheduled to be sprayed Tuesday. Anyone wishing his cattle sprayed should call the Chamber of Commerce office this week. No appointments will be made after this week. Leroy Thompson is chairman of the spraying committee.

Marking of the street parking areas was discussed by the group. A supper of barbecued chicken was served during the evening.

Automobile Burns Early Wednesday

An automobile, owned by Ben Edmonds, was consumed by fire in the early morning hours Wednesday.

The car, a 1948 Plymouth, was parked in front of the Edmonds' home, 505 East 15th Street. An unidentified passer-by, driving a pickup truck, saw the blaze about 1:30 a. m. and waked the Edmonds family who summoned the fire department.

The blaze was extinguished before it reached the gasoline tank. Cause of the fire has not been determined.

The inside of the Plymouth is a total loss, but the motor and tires may be salvaged. There was no fire insurance on the car.

Men From Cameron Attend Brotherhood Round Up Thursday

The seventh annual Baptist Brotherhood Round Up is being held Thursday and Friday, August 27 and 28, at Round Rock. Many men from churches in this area are attending, including about 25 from the Cameron First Baptist Church and at least four from the Battetown Baptist Church.

Theme for the two-day Round Up is "The King's Men." Noted on the program are such items as Branding, Rounding The Herd, Bunkhouse Service, Range Harmony and Men in the Saddle. Meals are announced with such descriptive phrases as "Mosey-ing to the Chuck Wagon" and "Chow . . . Come and Get It!" Rev. Aubrey Russell and Jimmie Asher of the Cameron First Baptist Church are featured several times during the Round Up.

Personalities on the camp programs include Col. Charles L. Gamble, founder of the Round Up; Dr. Allen Webb of Bay City First Baptist Church; Dr. D. D. Tidwell of Howard Payne College, Brownwood; Dr. H. C. Sivells, associate secretary of the state brotherhood convention and J. M. Sharp, associate secretary of the brotherhood commission of the Southern Baptist Convention.

Miss Nan Ledbetter, Queen of the Round Up, will play several musical selections. The District 15 Brotherhood Round Up was founded in August of 1947 by Col. Charles L. Gamble, assisted by eleven other brotherhood workers, including Jimmie Asher. The Western motif was adopted in 1948.

Man Who Escaped From Milam Jail Damages Washington Parish Prison

One of the men who escaped from the Milam County jail on May 24 is creating havoc in the Louisiana jail where he is being held. John Edward Ralph 33, is responsible for between \$2,000 and \$3,000 damage to the Washington Parish jail in Franklinton, Louisiana, where he is charged with the theft of Bogausa Safety Commissioner Herman B. Casanova's station wagon.

Ralph is wanted in Milam County for the burglary of Kopecky's Jewelry Store in Rockdale. He is also charged with burglary in Salado, Texas.

Ralph, who staged a hunger strike Tuesday, Wednesday and Thursday of last week, ripped out all the plumbing in his cell Tuesday night, and let water run all night long. When it was discovered Wednesday morning, water was two inches deep in his cell and the east portion of the jail.

The ex-convict staged the hunger strike because he objected to having his food plate pushed un-

Cameron's second major fire within a week razed the Milam County Livestock Commission Co. Friday night, leaving a pile of smoldering ashes where once had been a \$50,000 plant.

From 35 to 40 head of cattle, on hand for the sale day Saturday, were turned out of their pens by Make McDermott of Cameron before the fire could reach them.

Finley Blackwell, company manager and part owner, said the plant was completed last year at a cost of \$40,000 and \$10,000 in improvements had been added. The loss was at least partially covered by insurance.

Cause of the blaze was unknown.

The fire was discovered at about 8:15 p. m. Cameron firemen arrived to find the roofed cattle pens burning. Because there are no fire plugs at the plant, located a mile west of Cameron on Highway 190, firemen were unable to control the blaze with their tanker truck and flames spread rapidly to the large auction barn.

The barn and pens were destroyed. Even the fences burned. Included in the barn were the arena and theater seats, a cafe and company offices.

Only last Sunday a major fire destroyed the weekly Cameron Enterprise plant and adjacent Texas Power & Light Co. office, causing an estimated damage of \$41,000.

Stockholders in the Milam County Livestock Commission Company are Finley Blackwell, Claude Blackwell, Carl C. Black, Roy Barmore, Valter White and H. L. Yager, and Marlin Harris.

Three Schools Are Annexed to Cameron

The Milam County Board of School Trustees met Friday in Cameron and passed resolutions annexing three common school districts to the Cameron Independent School District.

The three districts annexed to Cameron were Watts Switch, North Elm and Clarkson.

Watts Switch and North Elm failed last year to have enough attendance for a teacher this year, the County Superintendent's office stated. Both Clarkson and Watts Switch will operate their local schools as they did last year. Mrs. Lorene Story will be the teacher at Clarkson and Mrs. Joanie Gibbs will teach at Watts Switch.

Ad Hall School Will Open September 8

The Ad Hall school will open Tuesday, September 8, for its fall term.

School will be held all day Tuesday.

Teachers in the school are Mrs. Keith Groppell and Mrs. Vance Werner.

Butter consumption in the United States in 1952 was 16½ pounds per capita. It is now 9 pounds but consumption of other dairy products has steadily increased during this same period.

THE LITTLE RIVER PHILOSOPHER EXPLAINS WHY SOME UNEDUCATED PEOPLE MAKE MORE MONEY THAN EDUCATED PEOPLE.

Editor's note: The Little River Philosopher on his Johnson grass farm at Marlow is way over his head this week, he's talking about education.

Dear editor:
I read the other day where a man said there was one thing about the school system he couldn't understand.

Said the schools of this country are turning out a lot of graduates, but he noticed there were a lot of so-called uneducated people who never went to school much who were making a lot better living than the educated people. He wanted this explained.

I will explain it. The reason is there is no substitute for hard work and hard thinkin', and the school system ain't got any courses in them subjects in its curriculum. It's just hard to get teachers who can handle them two subjects.

However, I would like to say in a hurry that in regard to hard work and there not being any substitute for it, as far as I'm concerned I ain't lookin' for a substitute for it. Most of the substitutes I've encountered are worse than the original, and just for me and hard work, I was not want to be associated with the idea.

The schools are able to teach a man to read and spell and figure and trim his fingernails, all right, and although I've seen some people who went clean through the school system and couldn't spell or read or write any better than some people who quit in the eighth grade, in fact, I've observed that college degrees frequently ain't no reflection at all of man's education, some people can get an M.A. degree and still not know any more than they did when they had just a B.A., and some people can get a Ph.D. degree and still not show any marked improvement over what they knew when they were back in the B.A. class. In lots of cases, under this Gilmer-Aiken system, the only way on earth to tell how many degrees a teacher's got is to look at his pay check. It's the only place it shows. In fact, there are some people who claim degrees are only records of how many classes you attend and stayed awake in, not how much you absorbed, which is a matter out of my field, although I guess there are people who absorb more than others, although some of them don't know what to do with what they do pick up. Education some people is like givin' certain young boys a high-powered automobile. They just ain't equipped to handle it. As far as makin' money goes, I'm not equipped to speak on the topic, but I'd like to say that stayin' ignorant may not be a bar to makin' money, but it ain't no help either, and a man who can get ahead without any education, there ain't no tellin' where he could have gotten with a little. Might have been even a foreign diplomat.

Yours faithfully,
J. A.

Dairymen Eligible For Drouth Relief

In response to inquiries from the Southwestern drouth area, Secretary of Agriculture Ezra Taft Benson last week assured dairy farmers in counties declared as disaster areas that they are eligible for government-owned feeds at reduced prices.

The Texas Farm Bureau Federation in late July had asked Benson to make hay and other feeds available to dairymen.

"It was always the intent of the instructions by the Department of Agriculture regarding delivery of feed that dairymen should be included on the same basis as beef cattlemen," he said.

Under the drouth feed program, eligible farmers, ranchers, and dairymen in designated drouth areas may purchase Commodity Credit Corporation-owned corn, wheat, oats, cotton seed meal or pellets, or mixed feeds containing 40 percent corn and 40 percent cottonseed meal. These feeds are made available at below-market prices to enable livestock producers to hold on to their basic herds.

Currently, 367 counties in Texas, Oklahoma, New Mexico, Arkansas, Missouri, Kansas and Colorado have been designated as disaster areas. Eligibility of farmers, ranchers, and dairymen for feed at reduced prices is certified by local drouth committees, under the general guidance of instructions outlined by USDA.

Mrs. J. H. Kahler Receives Bachelor Of Science Degree

Mrs. James H. Kahler received a bachelor of science degree August 21 at commencement exercises held at Texas State College for Women in Denton. A journalism major, she is the daughter-in-law of Mr. and Mrs. E. L. Kahler, 310 Ross Ave., Cameron. She is the former Martha Speer of Denton.

TSCW granted 134 degrees, 59 of them advanced, at its summer commencement exercises. This was the third graduation class of the TSCW Golden Anniversary year.

One of the advanced degrees was the Ph.D. in textiles. It went to Euclid Smith of Caldwell, major in the TSCW College of Household Arts and Sciences.

Mr. and Mrs. Cecil Williams were recent business visitors in Waco.

Driverless Cars Damaged in Unusual Crash Wednesday

Two driverless cars were involved in an unusual accident about 6 a. m. Wednesday.

Lloyd Brooks of Hillsboro, 22, colored, was cranking a 1937 Pontiac coupe in gear with the gas open. It started suddenly and began moving forward. He jumped out of its path and it sped 249 feet down the side of the road, hitting a telephone pole and finally smashing into the left side of a 1950 Chevrolet pick-up owned by Julius Hernandez Galban of Balblinn.

Galban was standing by his parked pick-up truck just off of old U. S. 77 in front of Charlie Litzman's store in Burlington. The fast-moving driverless vehicle missed him by about two feet, witnesses reported.

The impact slid the pick-up seven or eight feet, a local Highway Patrolman said.

Damage to the pick-up was estimated at between \$200 and \$300, and to the Pontiac at about \$150. Charges were filed against Brooks.

Westphalia Boy Drowns Sunday In Large Stock Tank

Kenneth Lehman, 14, drowned about 2 p. m. Sunday as he tried to swim across a stock tank on the Jimmy Gausemeier farm near Westphalia. He was the son of Mr. and Mrs. Frank Lehman.

He and two friends, Leon and Terry Beach, all beginning swimmers, were attempting to swim the width of the tank during an afternoon's fun. Leon said he heard a yell and saw Kenneth struggling in the water, but could

do nothing to save him.

The Beach boys ran for help and neighbors came to the scene. His body was recovered from ten feet of water about half an hour after he went under.

Funeral services will be held at 9 a. m. Tuesday in the Church of the Visitation at Westphalia with Rev. R. P. Schurtz officiating. Burial will be in St. Mary's cemetery in Westphalia.

Kenneth is survived by his parents; three brothers, Leo Lehman and George Lehman, both of Lott, and Airman Louis Lehman of Roswell, New Mexico; five sisters, Mrs. Leo Zeig of Hearne, Mrs. Beatrice Bingham of Austin, Mrs. Tom Goertz of Rock-

ney, Catherine Lehman and Julia Lehman, both of Westphalia.

Mr. and Mrs. Jim Miller and children, Michael, 5, Patti, 3, and David, 2 1/2 months, attended a family reunion in Crawford over the weekend. The reunion was held at the home of Mrs. Miller's mother, Mrs. Edith Kilpatrick. Mrs. Lelia Baucom, Mr. Miller's mother, was present for the occasion.

Joe Richter is receiving medical treatment in St. Edward Hospital.

Non-Cancellable Hospitalization Plan is Offered in Milam County

The Commercial Travelers Casualty Company, with headquarters in the Reserve Loan Life Building in Dallas, has sent an especially trained crew of enrollment officers to Milam County to spend the period of one month to enroll citizens of this county in a voluntary county-wide hospital, medical and surgical plan. The plan being offered is non-cancellable, non-prorating and renewable for life.

This announcement comes from Joe Harper, state manager. The company began a canvass for the north section of Milam County today, Monday August 17 and will continue enrollment here until September 18.

The enrollment officers expect to give a complete analysis of the plan to each person contacted in order to render a beneficial service to the persons enrolled.

Interest in group hospitalization plans has been growing in Texas and thousands of persons have enrolled in this and similar plans to provide for themselves benefits that enable them to finance as they go hard-to-pay hospital, medical and surgical expenses.

These plans of hospital, medical and surgical insurance are contracts of permanency and once fully in force cannot be cancelled, changed or modified except at the option of the insured, officials said.

After the policy has been issued, it may be used in any county, state or country the insured so desires. This plan is good anywhere in the world.

Officials have pointed out the hospitalization protection is a vital factor in the community economic progress and development.

An official of the company makes this statement: "We would like to invite any and all companies to join with us in this county-wide drive and make this a profitable enrollment for Milam County, designating the months of August and September as Hospitalization months for Milam County."

Bonds Approved

Among the school bond issues approved by the office of Attorney General John Ben Shepperd was a \$65,000 issue of schoolhouse bonds, series 1953, for the Rosebud Independent School District. This issue was for both the counties of Falls and Milam.

The bonds have been submitted by the Attorney General to the Comptroller of Public Accounts for registration.

The school bus begins making its daily trips to Rosebud High School on Monday, Sept. 7.

Burlington had an unusual car accident Wednesday when Lloyd Brooks, 22, of Hillsboro was cranking a 1937 car in gear with the gas open. It started suddenly and began moving forward. Brooks jumped out of the path of the car and it sped 249 feet on the side of the road, hitting a telephone pole and mashed into the left side of a 950 pickup, owned by Julius Hernandez Galban of Ballinger, who was standing by his parked pickup. The fast-moving driverless car missed him by two feet. The pickup was pushed seven or eight feet by the car. Pickup damage was nearly \$300 and the car damage \$150. Charges were filed against Brooks.

Public Can Help To Promote Sanitary, Clean Eating Places

"Texas health officials are making every effort to improve the sanitary conditions of public eating places, and in addition schools are conducted to instruct foodhandlers. Moreover there are laws, rules and regulations requiring the uses of approved equipment and methods in such establishments. Nevertheless, one of the most forceful influences for sanitation is not being used and this is the public's unfavorable reaction to unclean and unsanitary places," states Dr. Geo. W. Cox, State Health Officer.

"The public cannot do the job entirely, nor can health departments bring about desirable and essential practices without the help of the public. As for hygienic practices, persons serving food and drink should be clean; should not cough and sneeze over the utensils and material served; should keep their hands away from their mouth and nose, hair and face; should handle all utensils by the outside instead of putting their fingers on the inside of service utensils. These are conditions a person can see, and unless these safeguards are practiced, disease may result."

Also milk served can be appraised by the patron. Texas law requires that a milk bottle cap state grade of milk and whether it is raw or pasteurized. However, if milk is brought to a patron in a glass, he cannot know whether it is from a graded supply or whether it is raw or pasteurized, but if served properly in its original container, with covered cap and legal label, the patron can secure from the label the information he should have before being willing to drink strange milk.

The patron should note sanitation conditions in food establishments. Are the floors, walls, ceiling clean? Are tables and counters clean? Are pies and other ready-to-serve foods protected from dust, dirt, and flies? Are flies prevalent?

"Be assured that what can be seen as a patron at the table or counter usually will be many times better, cleaner, and safer than conditions in the kitchen and other places out of sight of the patron," Dr. Cox warns.

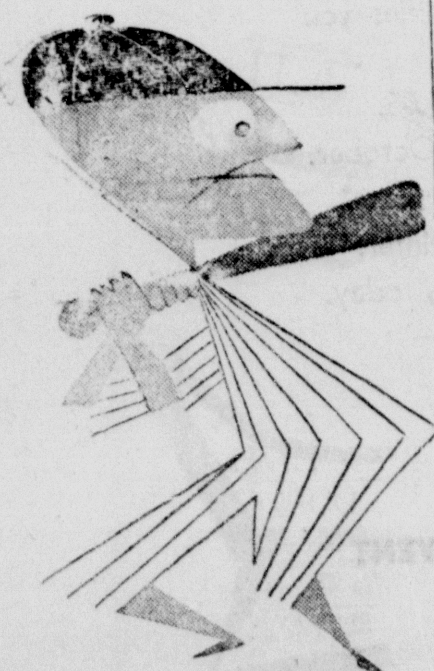

Milam Has Fourteen Cases Strep Throat

Fourteen cases of strep throat were reported for the week ending August 22 by the Milam County Health Unit.

Also on the report made by Dr. T. E. Crump, Director of the Unit, were three cases of measles, two of gonorrhea, and one each of meningococcal infection, pertussis and pneumonia.

Eight-year-old Donna Reed was admitted to St. Edward Hospital for a tonsilectomy on August 20.

Polio Foundation Spends \$25 Million For 1952 Treatment

New York, Aug. 23.—The National Foundation for Infantile Paralysis said Sunday that, during 1952, it spent almost \$25,000,000 for treatment of some 80,000 persons.

The foundation's report said this represented an expenditure of 69 cents of every dollar raised by the annual March of Dimes campaign.

Almost 19 cents of each march of dimes dollar, the report said, went for research and professional education. It said the remaining 12 cents went for chapter and medical department services, State office operations, public information and administration.

VETERANS ASSURED CIVIL JOBS

All persons serving in the Armed Forces who were formerly employed in federal jobs can now get back their old civil service positions or similar jobs.

The new order extends to temporary-indefinite federal employees the same job rights that formerly applied only to those with permanent status.

If no vacancies exist when such veterans return, agencies will have to fire current indefinite workers to make room for eligible veterans.

Many of the estimated 77,000 government employees who have seen military service since the Korean War started have already returned to their old federal jobs.

Recent patients in St. Edward Hospital were Annie Louise Bennett of Cameron, Mrs. Frank Ruzicka, Corene Hall of Caldwell, Mrs. R. G. Gallier, Porter Atkinson of Maysfield, Mrs. James Simonton, Mrs. Leo Glaser, Miss Louise Brown, Otto Brod, Jr., Alfred Hoyle, Mrs. Ella Lankford, Mrs. Leroy Barkmeyer, and Miss Fannie May House.

Miss Lillie Rodriguez recently had a tonsilectomy in St. Edward Hospital.

Social Security Ups Taxes on January 1

Social Security taxes will rise from 3% to 4% on January 1, 1954. Employees will then pay 2% of their wages on Social Security each month and employers will pay 2%. As in the past, this applies on payroll payments up to \$3,600. Self-employed persons will pay 3% on earnings up to \$3,600, instead of the 2 1/4% they have been paying.

It is estimated that this boost in the rate for support of the old age retirement program will add one billion dollars to the tax bill of the nation and will wipe out any savings from the 10% decrease in personal income taxes projected for January 1. Since the billion is earmarked for Social Security, however, it will not reduce the national debt.

FROZEN BLOOD

A 1952 report in a British medical publication of the successful transfusion of thawed human blood, previously frozen at extremely low temperatures, gave new hope that great savings could be effected in blood-bank operations, it is reported in the American Peoples Encyclopedia 1953 Yearbook.

Blood banks now discard large amounts of red cells regularly because aging under present storage conditions renders the cells useless for transfusions, the yearbook points out. Studies indicated that the freezing procedure apparently stopped red blood metabolic activity without harming the cells in any manner.

Agricultural producers of the state are advised to be on the alert for damaging invasions of their crops and pastures by worms. They are bad in many sections of the state at the present. Fall army worms and cotton bollworms are two of the chief culprits. Cotton leafworms are also spreading.

MRS. LOUIS JERRY SLAVIK

Miss LaVerne Provasek Exchanges Wedding Vows With Louis Slavik

Miss LaVerne Irene Provasek and Mr. Louis Jerry Slavik were united in marriage in an early morning ceremony on Aug. 19. Rev. Kolsinsky performed the rites in the SS Cyril and Methodius Church at Marek.

The bride is the daughter of Mr. and Mrs. J. A. Provasek of Yarellton. Parents of the groom are Mr. and Mrs. Joe Slavik of Temple.

Floor baskets of white asters and Comedor fern tied with wide satin ribbon stood on either side of the altar.

Miss Olga Horelica, organist, provided nuptial music during the double-ring ceremony.

Given in marriage by her father, the bride was gowned in white pure silk, brought from Japan by the bridegroom. A standing, scalloped fold outlined the round nylon tulle yoke. The long pointed sleeves and fitted bodice closed with tiny self-covered buttons. Beneath her floor-length gathered skirt, the bride wore white opera pumps.

Her fingertip veil of illusion fell in two tiers from a fitted lace cap. Scattered rhinestones sparkled over its cut-out surface. The bridal bouquet was a shower of white carnations circled by white net with falling satin streamers.

The bride carried out the tradition of "something old, new, borrowed and blue, and a penny in your shoe." For something old, she wore a gold cross which was a gift of her grandmother. She carried a white prayer book as the borrowed item.

The groom wore a light blue suit with white carnation boutonniere. The best man, Johnny Slavik, brother of the groom, and the groomsmen, Billy Slavik, nephew of the groom, wore tan suits with white boutonnieres.

Miss Henrietta Slavik, cousin of the groom, served as maid of honor and Miss Helen Matula, cousin of the bride, was junior bridesmaid. They were attired in dresses patterned after the bridal gown. Miss Slavik wore aqua taffeta and carried a nosegay of yellow asters tied with matching ribbon. Miss Matula's dress was of pink taffeta and her bouquet was of blue asters tied with matching ribbon. Each wore asters in her hair.

Charlie Matula and B. A. Slavik acted as witnesses.

Both the bride's mother and the groom's mother chose navy blue dresses for the occasion. Each wore a white carnation corsage.

Following the ceremony a reception was held for members of the immediate family at the home of Mr. and Mrs. Charlie Matula, uncle and aunt of the bride.

The lace covered table was centered with the bridal bouquet of white carnations. The decorated three-tiered cake was topped with a tiny bride and groom beneath an archway. Mrs. Johnny Pernice served the cake and Mrs. E. J. Provasek poured fruit punch.

When the couple left on a wedding trip to New Mexico, Mrs. Slavik was wearing a white Weathervane suit trimmed in navy blue with navy accessories. Her corsage was of white carnations. Upon their return they will make their home in Cameron.

Mrs. Slavik was salutatorian

Miss Maggie Marie Schulz Becomes Bride of William Matyastik Tuesday

In an evening ceremony at the Burlington Baptist Church, Miss Maggie Marie Schulz became the bride of William Matyastik. The rites were performed August 25 by Rev. Lewis Newman.

The bride is the daughter of H. F. Schulz and the late Mrs. Schulz of Rt. 1, Burlington. Parents of the groom are Mr. and Mrs. W. P. Matyastik of Cameron.

Two large basket arrangements of white mums, daisies and fern stood on either side of the altar.

Nuptial music was played before the ceremony by Miss Nelda Henson of Rosebud. Miss Edith Baldrige of Cameron played the wedding selections, "Because" and "Always."

The bride, given in marriage by her father, chose a blue tailored suit of light wool for her wedding attire. The fitted jacket, closed to the neckline with self-covered buttons, was topped by a small Peter Pan collar. The slim skirt was fashioned with a back kick-pleat. She wore navy suede shoes, navy gloves, a veiled navy felt hat sprinkled with rhinestones, and carried a matching suede bag. Her corsage was a white orchid surrounded by white phalanopsis orchids.

Miss Rose Marie Matyastik, sister of the groom, was maid of honor. She wore an egg shell colored suit with pink accessories.

Henry Davenport, Jr. of Burlington served as best man. Mrs. Matyastik, mother of the groom, was dressed in a black suit with matching accessories.

Miss Frances Schulz of Killeen, niece of the bride, presided at the guest book in the church.

The bride, a 1950 graduate of Yoe High School, was a senior at Baylor University. She was a member of Alpha Chi and majored in English and education.

The bridegroom, also a 1950 Yoe High graduate, attended Texas A&M College for one year. He enlisted in the Army in January and is now stationed at Fort Bliss in El Paso.

After a short honeymoon, Mr. and Mrs. Matyastik will live in El Paso.

Out-of-town guests here for the wedding were Mrs. W. F. Pankonien, Mr. and Mrs. William Pankonien and two sons of Taylor; Mr. and Mrs. Lanier Schulz and daughters, Frances and Phyllis, from Killeen.

9,449 Bales of Cotton Ginned in Milam County

The Texas Employment Commission in Rockdale reported Tuesday afternoon that a total of 9,449 bales of cotton had been ginned in Milam County this year. This is about 6,000 more bales than were ginned at this time in 1952.

As further proof that the cotton season is early this year, the TEC states that it has made 1500 more placements of cotton pickers this year than at this time last year. The majority of last year's placements were in September.

The TEC now has orders from 18 farmers in the county who need a total of 486 hands for their cotton picking.

Anyone needing pickers is asked to contact Max McClaren or William Bickett at the "Y." McClaren will be around the courthouse square on Saturday and Sunday for the convenience of those who wish to contact him.

Texas Draft Quota For October 1,208

Austin, Aug. 25.—Texas' draft quota for October will be 1,208 men, State Selective Service Director Paul L. Wakefield reported Tuesday.

The October call is only 24 less than for September. This month's quota was 1,235.

Because there is an ample supply of examined and acceptable men, no regularly scheduled physical examination call will be made in October, Wakefield said.

Local boards, whose quotas for October will be mailed the first week of September, are instructed to call only men 20 or older, where possible, for induction.

Mr. and Mrs. F. R. Harber have moved from town to their home on Cameron, Route 3.

O. J. Thomas School Scheduled to Begin September Seventh

The O. J. Thomas school will not open on September 1 as will other Cameron schools. Opening date for the colored school has been set as 9 a. m. September 7 for the purpose of aiding those children who are now picking cotton. Principal C. L. Sadberry stated. The date has been approved by Superintendent W. T. Hanes.

Principal Sadberry requests that all parents try to keep their children in school after it opens, as the delay in beginning the school term should offer sufficient time for the children to complete their cotton picking.

Parents, either fathers or mothers, are asked to come with new students and six-year-olds who are entering school for the first time in order to sign the necessary residence certificate.

Those children who have not already been checked by the health unit are asked to come by the Milam County Health Unit office which is located diagonally across from Horstmann Brothers Tire Store.

Rio Grande, Laredo And San Antonio Get Drenching Rain

Parts of Texas received drenching rains Monday and Tuesday. More than two inches of moisture soaked Corpus Christi suburbs Tuesday as scattered thunderstorms still drifted across South Texas.

The Rio Grande flowed strongly for the first time since early summer and water for vital irrigation stood behind Falcon Dam.

North Laredo was flooded Monday as downpours of rain hit the city. Another rain Tuesday brought the two-day total to 5.65 inches.

The winding San Antonio River was swollen from Monday's 2.6 inches of rain and storm sewers were choked in parts of town.

Damp air and heavy clouds lay over Cameron Tuesday evening, promising rain but not fulfilling their promise. Cameron's temperatures Friday through Wednesday have been 90 degrees and under.

Heart O' Texas Council Sets Goal Of 1400 New Scouts

Fourteen hundred new members will be the goal in the 1953 Fall Round Up in the Heart O' Texas Council which starts September 1, announced Pat Taggart, president of the nine county Council area. Milam District's goal is 75 new members.

There are 200 Packs, Troops and Explorer Posts in the Council at present and more are in the process of organization. The Council total boy and leader membership goal by December 10 is 7,000.

Packs, Troops and Explorer Posts will have open house meetings during September and October where prospective new members will be invited.

Cub scouting in a home and neighborhood program is for boys 8, 9 and 10; Scouting for boys 11, 12 and 13, centering around Scoutercraft and camping while Exploring is for young men 14, 15, 16 and 17 with a four phase program of service, social, vocational training and high adventure camping.

Boys desiring full information on Scouting should contact a local Scout leader or write to Heart O' Texas Council, Boy Scouts of America, 711 Amicable Bldg., Waco, Texas.

Funds for Cubbing, Scouting and Exploring are raised in Cameron through the Cameron Community Chest.

Milk Bowl Game For Small-Fry Will Be Played at Lufkin

The Milk Bowl will be played this year at Lufkin, Texas under the sponsorship of the local Lions Club. This annual football classic for small-fry elevens continues to rise in national and international reputation, stated Eugene C. Weaver, executive secretary of the Milk Bowl advisory board.

Mickey Greenman, sports editor for "Tempo," the magazine which replaced "Quick," has described the Bowl, in an August

issue, as "overwhelmingly popular." He listed the event among the top three national promotions for youth, along with the Little League and the Soap Box Derby. This year the Bowl is on its way to becoming international. Efforts are being made through the Secretary of Defense, Washington, D. C., to locate a squad of small-fry youngsters from among service dependent children, here or abroad — Army, Navy, Air Force or Marine Corps. The plan is to fly the youngsters, most probably from Frankfurt, Germany, to meet the Texas team which will be from Dallas this year.

The Milk Bowl was founded at Gause in November of 1949 and was first played at Cameron on December 10, 1949.

Construction in world shipyards showed an increase at the beginning of this year, the American Peoples Encyclopedia Yearbook reports. This was due to renewed activity in Japanese,

German and Italian shipyards which accounted for 9.27. 8.41 and 6.01 per cent of the world total.
